EXECUTIVE OVERVIEW

NHREC Mission: To serve the educational needs of the Virginia Peninsula's school divisions, New Horizons will prepare students educationally, technically, and socially, according to each student's needs, to become productive citizens.

NHREC Vision: Strive to become a state-of-the-art regional education center nationally recognized as an authority on specialized educational programs and services that support the development of a world-class workforce and a self-sufficient citizenry.

A Draft Budget Plan Overview was presented to the Board of Trustees at its January meeting. The Executive Director's Proposed SY 2018-2019 Budget is being presented for review and acceptance at the Board of Trustees March 27, 2018 meeting for use in divisional budget planning.

2018-2019 Budget Goals:

The Executive Director, in working with the Greater Peninsula superintendents, has established the following goals for the 2018-2019 Budget:

- 1) Follow NNPS compensation increases and pay scale adjustments, as adopted by Board of Trustees in 2016.
- 2) Incorporate the VRS reduction from 16.32% to 15.68% for professional staff.
- 3) Apply the 2% decrease in health insurance premiums, with employee monthly premium increase of \$50 for Employee/plus one and \$75 Employee Spouse to assist in offsetting the increased number of employees taking health insurance.
- 4) Continue implementation of CTE Master Plan initiatives to include: BF PT/OT program, Precision Machining through TNCC at Continental, continue ATC Academy Transition to Employment Program, WL Assistant Principal, and expanding Electrical from half-time to full-time with elimination of .5 FTE barbering.
- 5) Increase Special Education substitute funding.
- 6) Add Additional Positive Supports (one-to-one TA's) into NHREC budget versus an add-on service to divisions.
- 7) Increase Isle of Wight funding for Governor School by 6%.

The Executive Director's Proposed 2018-2019 Budget provides for a total budget of \$19,054,701 an increase of \$914,792 (5%). The 2018-2019 Divisional Cost Allocation is \$16,708,907, an increase of \$1,524,013 (10%).

The Cost Allocation increase/decrease for each school division is calculated considering the following factors: 1) division enrollment projection for special education, and three year average enrollment for CTE and Governor's School 2) the projection and enrollment average of the other divisions (% of the total served), 3) external revenue (i.e. state), and 4) operational increases.

The 2018-2019 Divisional Cost Allocation increase is comprised of: Compensation and Benefit increase of \$369,511: salary/benefit adjustment to current budget; salary increase of 2% for all staff other than teachers and teacher scale compression adjustment averaging 3.2%; Operational increase of \$68,000; Instructional Increase of \$1,066,121 to include: CTE Master Plan initiatives, special education substitutes; special education APS model, and increased revenue from IWCS for GSST.

Executive Director's Proposed 2018-2019 Budget

2017-2020 SCHOOL IMPROVEMENT PLAN

CTE Goal 1 - Enrollment and Retention: CTE student enrollment will be at least 90% of capacity (10 day count), will have a 90% retention rate during the school year (9/30) for factors within NHREC's realm (i.e. student interest, motivation, CTE grades, attendance, etc.), and for two year programs 70% of eligible juniors will return for year two. All programs within the proposed Technical Careers Academy will have at least 85% enrollment to capacity, while accepting only students meeting enrollment criteria as established by the Business Council.

CTE Goal 2 - Industry Standards: Of all program completers, 90% will participate in industry credentialing and 85% of completers will earn an approved program trade credential while 90% will earn at least one credential (inclusive of VA Workplace Readiness).

CTE Goal 3 - Student Pathways: Of surveyed completers 70% will transition within one year of their graduation to post-secondary education or employment in a related career path to their CTE Program of Study.

SpEd Goal 1 - Students, grades K-12, referred to NA-ED during the first quarter of 2017-18 school year will demonstrate Mastery or skill gains of 70% or greater for IEP goals related to barrier referral behaviors as well as decreasing frequency and duration of identified barrier problem behaviors based on PBIS data, within a one-year time span of the annual IEP.

SpEd Goal 2 - Students, grades 3-10 attending NA for at least 160 days of the current school year, will show an average gain of 34 percentage points in both Reading and Math skills as measured by overall PLATO benchmark scores.

SpEd Goal 4 - Center for Autism NA ED/ID students will demonstrate gains in functional skill performance as measured by increased *Functional Assessment and Curriculum for Teaching Everyday Routines* (FACTER) scores on 3 individually targeted functional routines. Progress will be demonstrated by an average score gain of .7 above pre-test levels as measured by the FACTER performance scores.

GSST Goal 1 - 95% of GSST graduating seniors will be accepted into **STEM related majors** in top-tiered universities and colleges. 95% of GSST students will earn an "A or B" in at least one of their three academic strand courses.

Executive Director's Proposed 2018-2019 Budget

BUDGET SUMMARY continued

Divisional Cost Allocation Summary:

- Total Divisional Allocation \$16,708,907
- Special Education (Newport Academy, Alt. ED, Center for Autism) \$11,243,311 67.3%
State Reimb. @ 95% utilization using current composite index (**\$7,577,992 or 67.4%**)
Local cost **\$3,665,319 (32.6%)**
- Academic/Technical (CTE and Governor's School) \$ 5,465,596 32.7%

In addition to the new special education additional positive support model being implemented divisional increases (decreases) were impacted as follows:

Newport News: NNPS has a 8.7% increase (\$564,610). Higher average enrollment in CTE, special education projection is the same, and lower utilization in GSST which allows the increase to be slightly below the 10% Cost Allocation increase.

Hampton: HCS has a 15.1% increase (\$569,736). Higher increase than average due to projecting 5 new special education students and higher utilization in GSST.

York County: YCSD has a 3.5% increase (\$76,521). Lower increase than average is due stable or slightly lower average in all program areas.

Williamsburg James City County: WJCC has a 13.4% increase (\$195,169). Above average increase is due to projecting 3 new special education students and a higher average enrollment in GSST.

Poquoson: PCPS has a 49.2% increase (\$214,733). This is a turn-around from SY 2017-18 where the division had a 26% budget reduction due to drop in special education. This increase is due to projecting 3 additional special education students and a slightly higher utilization in GSST enrollment.

Gloucester: GCPS has a (-11.7%) decrease (-\$96,755). After a 19% increase for SY 2017-2018 the decrease is due to a lower projection of 3 students in special education and a lower utilization in CTE and GSST.
