

Canvas Parent App Letter

February 9, 2022

GSST Parent(s)/Guardian(s),

GSST wants to ensure that the families of our students have the resources they need to be actively involved in their students' academics. We hope to enhance the communication between those involved and help build a supportive learning environment.

To that end, we wanted to inform you of an opportunity to access your student's Canvas account. There is a mobile application called "**Canvas Parent**" that has these functions:

- View assignment descriptions and due dates
- Set reminders for assignments
- View assignment grades
- View course grades
- Set grade alerts
- View course announcements

If these functions interest you, we encourage you to follow the instructions below to install and activate the app. Installing and Activating the Canvas Parent App Here are the steps to install and activate your Canvas Parent App:

1. Have your student generate a **Pairing Code** for you from their own Canvas account.
2. Install the Canvas Parent app available on the [Google Play Store](#) or the [Apple App Store](#).
