**The mission of the New Horizons Education Foundation (NHEF) is to secure and provide additional financial resources that will support and enhance an exemplary educational experience for all students in New Horizons Regional Education Centers (NHREC). This will be accomplished through building relationships between NHEF, the teachers, the students, the school districts, and the community.**

**By submitting this grant application, you are confirming the following:**

- All grants must be submitted annually.
- Identical grants may only be funded for three consecutive years.
- Grants are only awarded if funding is not available through capital, department, or technology plan budgets.
- Grants are not funded for field trips or any other student transportation.
- If your proposal is approved, you will be required to submit photographs of your grant in action by **January 31, 2023**. Failure to submit photographs can preclude additional funding.
- All items purchased with grant funds awarded by the NHEF shall remain property of NHREC and not that of the grant recipient.
- More specifically, all items purchased with grant funds awarded by the NHEF shall remain the property of the school to which the grant award check is made payable, as documented by the items' addition to the school inventory.
- Additional computers or other equipment necessary for the grant project must be funded by the school.
- If technology is included in a grant and needs to be installed, you need to check with NHREC IT Department to ensure that NHREC will support it. Otherwise, installation costs need to be added to the grant budget.
- Any funding awarded must be used by **April 3, 2023**, unless otherwise approved by the NHEF.
- Money not used by the end of the current school year shall be returned to the NHEF.
- All grant submissions must request exact dollar totals in their budgets.
- The NHEF reserves the right to require a revised budget submission should the quote exceed normal expectations.
- Please do not use sale prices in your grant application. These costs may vary from when you submit the application and when the items are purchased.
- Teachers may only submit one grant application for the 2022-2023 school year. The amount requested cannot exceed **\$3,000**.

**Before proceeding, please confirm with your initials and date that you have read and fully understand the guidelines presented in Part Two of this application.**
