

Illuminating Minds... Igniting Passions... Shaping Futures...

March 20, 2023

Dear New Horizons Teachers,

Thank you for your service and dedication to our students at New Horizons Regional Educational Centers! Many of you go above and beyond what is expected to ensure our students have an outstanding educational experience, and we are appreciative of your time, energy, and commitment. We are excited to once again offer this opportunity to compete to receive a Teacher Innovation Grant from the New Horizons Educational Foundation. Please consider how an innovation grant from the Foundation could benefit your students.

An innovation grant is a commitment of funds to support an experimental student experience, a groundbreaking instructional program, or a project-based learning unit that otherwise might not be funded through the New Horizons budget process. There is no minimum award amount; however, grants can be awarded up to a maximum of **\$3000**.

Applications must be submitted no later than **April 28, 2023**. Winners will be announced on **June 6, 2023**. Please review and pay close attention to the Grant Submission Guidelines as you consider the possibilities.

Funds dedicated to our Teacher Innovation Grant program come directly from our many generous sponsors and our annual Golf Classic fundraising event supporters. Through the success of our 2021 annual fundraiser, the New Horizons Educational Foundation will be able to award **\$9,000** in grants for the 2022-2023 school year.

We look forward to receiving and reviewing your innovative projects and ideas that will ***Illuminate Minds, Ignite Passions, and Shape Futures!***

Going Boldly Together!

Teacher Innovation Grant Committee
